

FNB eWaiter Release Note 1.7.10

Enhancement:

ID	Description
6260	Ordering screen support tablet view.

Document Prepared by Edwin

Last Modified 12th May 2020

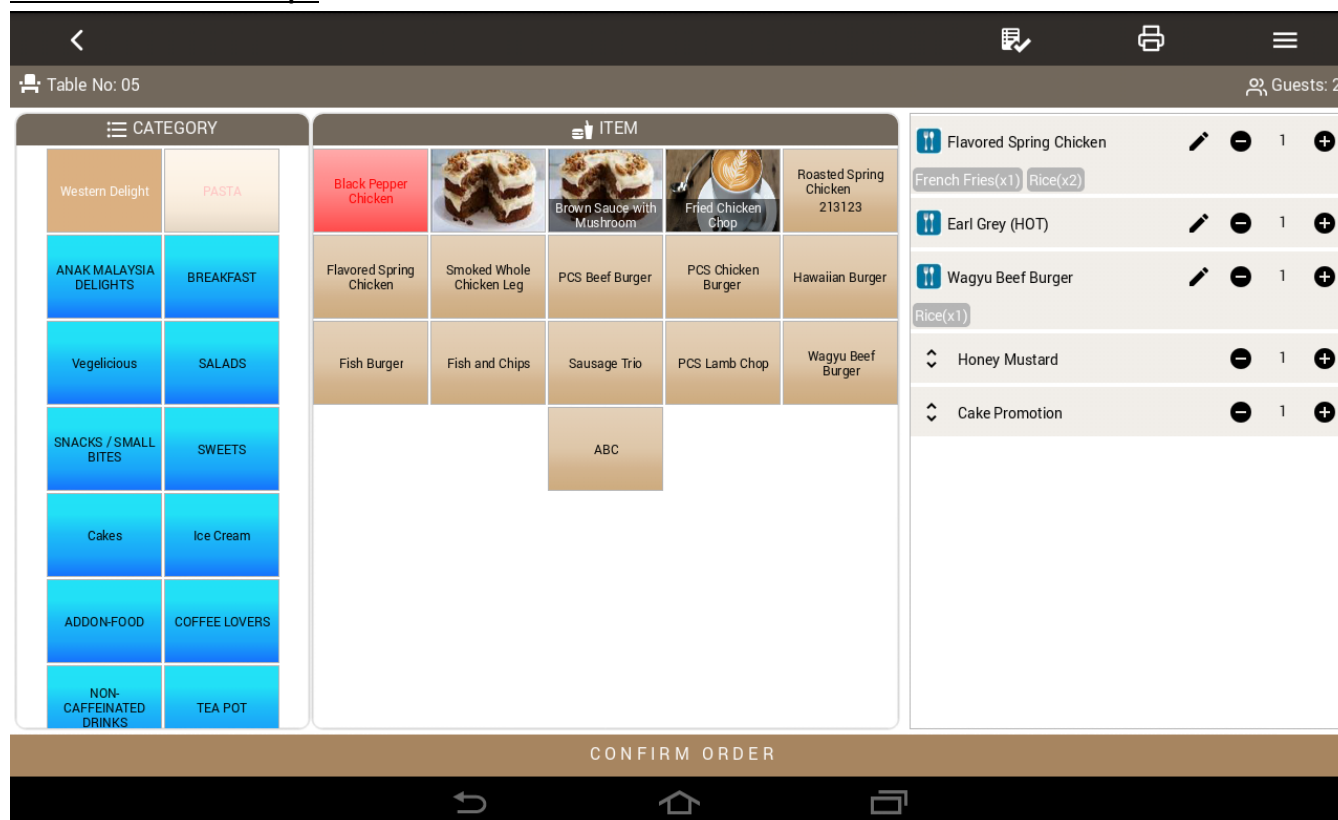

Highlights of Changes in 1.7.10

ID: 6260 Ordering screen support tablet view.

You are now allowed to view Fast Menu Categories, Item and Order Listing in the same screen side by side. System will detect device size and decide to display Phone or Tablet view.

Note: However, you are allowed switch to use phone or tablet view manually by press on the **Drawer** button located on **e-waiter ordering screen Top Right > Setting > turn ON or OFF "Use Tablet View"**.
